

Lario

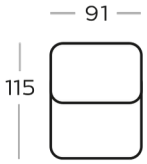

The Lario sofa combines contemporary sophistication with a bold, architectural character. Defined by its generous proportions, sculptural silhouette and exceptionally soft cushions, Lario creates an inviting atmosphere of comfort and understated luxury. Its refined detailing and distinctive modular elements give the design a timeless yet expressive appearance.

Thanks to its fully modular design, Lario offers endless possibilities for creating a personalized seating arrangement. Individual modules can be combined into intimate seating compositions, spacious corner configurations or expansive lounge settings. Integrated table elements add an extra layer of functionality while enhancing the architectural character of the design.

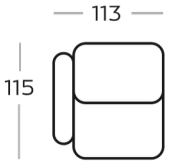

Inspired by the effortless elegance of Italian living, Lario embodies a harmonious balance between comfort, versatility and refined aesthetics. Crafted with carefully selected materials and attention to detail, the sofa brings a sense of warmth and sophistication to any space, making it equally suited to luxurious residential interiors and contemporary hospitality environments.
